About Orezone Gold Corporation

Orezone Gold Corporation (TSX: ORE OTCQX: ORZCF) is a West African gold producer engaged in mining, developing, and exploring its 90%-owned flagship Bomboré Gold Mine in Burkina Faso. The Bomboré mine achieved commercial production on its Phase I oxide operations on December 1, 2022, and is now focussed on its staged Phase II hard rock expansion that is expected to materially increase annual and life-of-mine gold production from the processing of hard rock mineral reserves. The Company published the results of an updated feasibility study for the Phase II expansion in October 2023, and is currently in advanced negotiations with its senior lender for additional financing to fund the construction of this brownfield expansion. Orezone is led by an experienced team focused on social responsibility and sustainability with a proven track record in project construction and operations, financings, capital markets and M&A.

The technical report entitled Bomboré Phase II Expansion, Definitive Feasibility Study is available on SEDAR+ and the Company’s website.
